

# CoderDojo Athenry

September 2019

# New Group!

Looking at 3D content creation

More free-form in style:

- Learn techniques

- Create own content

# What will we be doing?

Mainly working in  
Blender 2.8

Also a little bit of:

Gimp

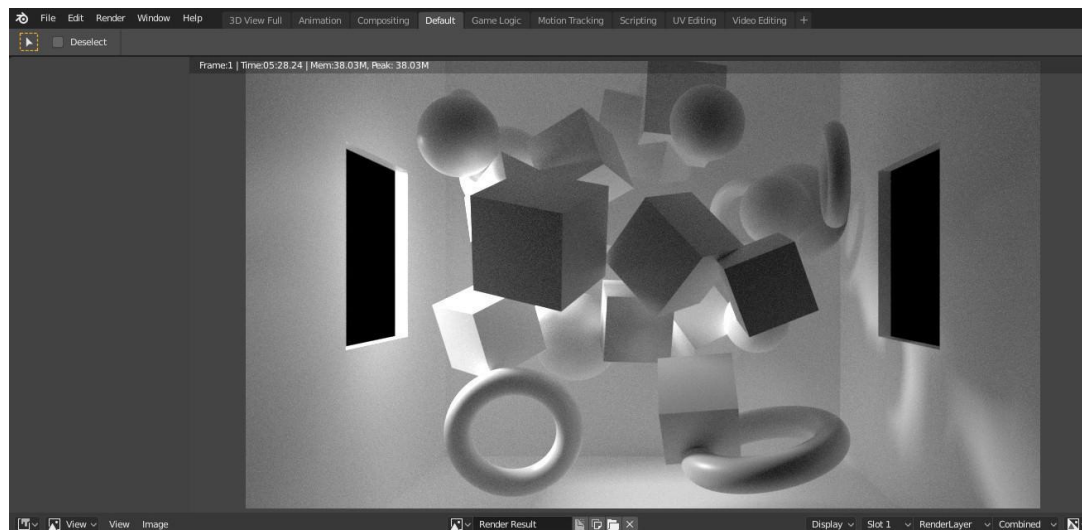

3D Printing

P5.js or Unity?

# Who's this group for?

Anyone who wants to expand their knowledge of game development skills or anyone who'd like to try something technical that also has an artistic element. Ideally age 12+.

# Getting Prepared

You should do the following, if you can:

Install Blender ([www.blender.org](http://www.blender.org))

Install Gimp ([www.gimp.org](http://www.gimp.org))

All free software!

Bring a scroll mouse if you have one.

# Blender Showcase

Just a little example of what the experts can achieve with Blender to whet your appetite
